AUTUMN / WINTER 2026
DUTCH DECOR

Hello Winter!

Discover Dutch Decor's radiant Autumn/Winter 2026 collection, designed to bring warmth, style, and seasonal charm into your home. Be inspired by rich seasonal hues and soft winter ready textures that create a cozy ambiance in every interior.

Deep bordeaux tones add a rich autumn feel, while the return of timeless green brings balance and serenity. Luxurious velvet fabrics elevate your space with a soft, elegant touch perfect for the colder months. For lovers of bold expression, vibrant statement colors are back: bright, playful, and impossible to overlook this season.

Our faux-fur cushions with a variety of prints add warmth and texture, while new figure-shaped designs, such as a charming reindeer and a beautifully shaped autumn leaf bring a true winter look to your sofa. Retro patterns introduce a subtle nostalgic twist, blending comfort with character.

This new collection has something for everyone: from warm autumn hues to daring pops of color, from soft textures to striking shapes. Create a warm and inviting home that feels uniquely you.

With love,
Team Dutch Decor

MAKE YOUR LIFESTYLE SUSTAINABLE

This collection has been carefully created with Global Recycled Standard certified suppliers. All products consist a percentage recycled materials. During the production process, chemicals and water contamination are reduced. There are improved working conditions in the entire supply chain. As a brand we are proud of our commitment to a better world.

Sustainability

Awareness and approach are central to Dutch Decor. We are aware of our ecological footprint and its impact on the world. Therefore we are continuously working on making our brand more sustainable. This includes the complete process from cotton to the final product. Dutch Decor strives and contributes to a sustainable society.

Global Recycled Standard

The quality team of Dutch Decor is continuously improving and innovating the production process and obtaining the necessary certifications for our products. We are proud of the fact that we have the first products fully recycled in our Eco Line collection with the Global Recycled Standard label.

We aim to have even more products certified in the future. One way we are doing this is by having our recycled materials comply with the Global Recycled Standard certification. They are intended to check the recycled material in products and to monitor the social, ecological and chemical impact of production. Global Recycled Standard aims to set requirements for the materials used and good working conditions, and to limit the environmental impact as much as possible.

member

Better Cotton Initiative

Some of our cotton is produced according to the guidelines of the Better Cotton Initiative (BCI). BCI is a global non-profit organization and the largest cotton sustainability program in the world. BCI started over ten years ago with the aim of improving global cotton production for both cotton growers and the future of the environmental and cotton sector.

BCI truly supports cotton farmers. The focus is on providing training and learning opportunities for these farmers to adopt more environmentally, socially and economically sustainable production practices.
